Everyone feels under pressure from time to time. But some pressure can be good for you, according to Doctor Malcolm Vandenburg, a fellow of the Royal College of Physicians. Doctor Vandenburg's book will help you harness the positive energy of pressure without feeling the damaging effects of stress. An innovative mind-body system, *Positive Under Pressure* (Avenue Books), will help you handle a work project, a job interview, a sports event or simply the stresses of modern life.

Doctor Malcolm Vandenburg is a holistically minded physician who specialises in stress management and personal development. Visit Doctor Vandenburg's website at [www.malcolmvandenburg.co.uk](http://www.malcolmvandenburg.co.uk)
